Taylor Sanders

ABOUT ME

Web Design and Development student with experience in UI/UX prototyping, responsive web design, frontend development, and digital marketing. Focused on creating intuitive, accessible digital experiences.

EDUCATION

Brigham Young University Idaho, Rexburg, ID — *currently attending*

Expected Graduation 2028

Major: Web Design and Development GPA: 3.65

TECHNICAL SKILLS

- Design Tools: Figma, Adobe, Canva
- UX/UI: Prototyping, responsive design, visual hierarchy, user flows
- Frontend: HTML, CSS, JavaScript, SEO
- Development: GitHub, Python, Node.js, MySQL, Firebase, AWS
- Running google and Meta Ads

EXPERIENCE

Rockwell Pointe Landscaping — *Digital Marketer and Web Designer*

March 2026 - Present

- Redesigned and Developed their website
- Ran Google Ads and Meta Ads
- Designed marketing graphics and promotional materials

Hill Air Force Base — *System-of-Systems UX/UI Design Study*

April 2026 - July 2026

Spearheaded the rapid prototyping of a modern, intuitive user interface for a complex Air Force System-of-Systems, streamlining pilot training and mission operations. The new UX/UI design removed redundancy in layout and introduced new functionality to improve real-time execution and reducing button clicks by 50%, dramatically decreasing the need for user training, saving the Air Force approximately 500 hours and $63,000 in alternative internal development.

College Teaching Assistant — *Web Fundamentals*

April 2026 - Present

- Assisted students by answering questions and explaining course concepts.
- Graded assignments, quizzes, and exams

Partridge Optometry, Yorba Linda CA — *Administrative Assistant*

January 2022 - September 2023

- Taking phone calls and consulting patients
- Organizing and scanning medical documents
- Scribing for doctors during appointments
